

# Let's shape the future of connected logistics!

Join our Innovation Hub in Berlin as

## Visual Design Internship (m/f)

For our newly established Daimler Fleetboard Innovation Hub we are looking for a motivated and creative Visual Design intern to join our Digital Product Design team.

Our Berlin Innovation Hub is a space for invention and creation: we push the boundaries of connected logistics systems enabled by Internet-of-Things, artificial intelligence and big data science. We are creators and developers, designers and creatives, techies and data scientists. Our way of working is collaborative: rapid prototyping for validated learning and creating MVPs is second nature for you.

We are working on delivering unique digital products, services and new data-driven business models that bring value to the global logistics ecosystem.

### Role

As part of the Digital Product Design team you will be able to contribute to futuristic digital products and help us to bring them to life.

This position requires strong visualization skills and the ability to transform complex topics, data and structures into meaningful and outstanding visual ui designs. You will support the team with ui designs, digital assets such as icons, illustrations, image material and rapid prototypes. In addition you will support the ideation process both visually and conceptually, preparing user flows, wireframes as well as presentations. Candidates should also demonstrate an ability to work across mediums, from print to digital. Previous experiences in designing for mobile devices is appreciated.

### What we offer you

- Innovative environment working for the B2B pioneer in automotive connectivity solutions
- Thrilling projects in international interdisciplinary teams with global market impact
- Fair payment
- Creative atmosphere in co-working space Ahoy! Berlin
- Flat hierarchy, open collaborative culture, with English as primary language (German beneficial)
- Plenty of room for your own ideas and self-organised work to see your ideas come to life and scale globally
- Liaison with the Daimler group with the flexibility of a digital innovation lab

The internship is full-time and limited to a term between 3-6 month with an option to afterwards continue working with us as student worker.

Location: Berlin

**How to apply for Visual Design Internship**

Send us an email to [innovationhub@fleetboard.com](mailto:innovationhub@fleetboard.com), with your earliest availability, your CV and portfolio sampler attached.

Please note: Being a matriculated student is the prerequisite to become an intern in our team. We are looking forward to your application.
